

MISSION

To coach, mentor and encourage individuals, primarily women, to gain the courage and ability to take charge of their lives and their destiny through knowledge, training, networking, positive thinking, positive interchange, and resources, in turn becoming catalyst for positive change in our communities and the world at large.

Our 501c3 non-profit organization organizes and host "Meet and Greets" and Events to build unity, support and a network of people helping one another. We reach out to our members and their communities, through services, support and at times financial assistance, to make a difference and a positive impact. WOV has a team of professionals to guide our members through proven techniques to explore their untapped potential to make their dreams and goals a reality for them, their families and their communities. We also have Youth Clubs to support and train our Youth to become our future leaders.

NOW is the time for each of us to step up to the plate and take charge of our finances, our relationships, our health and most importantly our spiritual growth.
